

Kantech KT-300PCB512

Technical Specification

Make	Kantech	
Company	Kantech, Tyco International	
Model code	KT-300PCB512	
Controller Type	Networkable	
Max No. of Doors per Controller	2	
No of Cardholders	56,000	
Offline Capabilities	Yes	
Networkable	Yes	
Communication Type	RS-232, RS-485, Combus	

Onboard No/Type of Inputs / Outputs	8 inputs, 4 outputs
Universal / Wiegand Reader Interface	Yes
Electrical Specifications	Voltage: 16 V AC
Physical Specifications	Dimensions mm: 77 x 288 x 299 Weight g: 2.4 kg
Environmental Specifications	Operating Temp °C: 2 ~ 40 Operating Humidity %: 0 ~ 90
Additional info	Controller with 512K memory and accessory kit (includes 1.0K ohm(2), 5.6K ohms (10), 120 ohms (2), PCB standoff, lock hole cover, ground wire and screwdriver). Controls two doors and easily links to a network. Automated trouble reporting. UL294, CE and FCC certified.
